Dear Friend,

Thanks for taking a look at CCF. We are a church that is in a healthy space. Our staff team enjoys each other and is in sync. Our mission is engaging and on point. Our church loves Jesus and each other quite well. We need that one piece on our staff team, and that might be you!

Our former student pastor, Nick Marnejon, has done a fantastic job over the last five years. Our kids and their parents love Nick and Taylor very much and wish them well as they seek their new destination as senior pastor. Nick leaves a ministry that is growing and filled with capable teens. His successor will step into a strong ministry.

I'm hoping to have someone join our team who loves learning and growing. Beyond student ministries, we have a lot of other spots to gain opportunities for leadership and growth. And especially for younger staff, that's what we are all about, growing you into the image and leadership of Jesus.

I'm eager to get to know you. Our team won't be whole without this one important leader. I'm praying daily for that person and their arrival.

In Christ,

Brian Boone  
Senior Pastor
